INTRODUCTION

Melbourn Village College fully recognises the responsibility it has under section 175 of the Education Act 2002, *the Education (Independent School Standards) Regulations 2014, the Non-Maintained Special Schools (England) Regulations 2015, and the Education and Training (Welfare of Children) Act, 2021 to have arrangements in place to safeguard and promote the welfare of children.

This responsibility is more fully explained in the statutory guidance for schools and colleges 'Keeping Children Safe in Education' (September 2021). All staff must be made aware of their duties and responsibilities under Part One of this document, which are set out below.

Staff should read the above document together with 'Annex B' of 'Keeping Children Safe in Education', 2021 and 'What to do if you're worried a child is being abused: Advice for practitioners' (March 2015) if they are working directly with children. For those staff who do not work directly with children or where English is a second language, Annex A can be issued instead but this is a matter for the school to decide.

- Identify concerns early to prevent them from escalating;
- Provide a safe environment in which children can learn;
- Identify children who may benefit from early help;
- Know what to do if a child tells them he/she is being abused or neglected;
- Follow the referral process if they have a concern.

This policy sets out how the school's governing body discharges its statutory responsibilities relating to safeguarding and promoting the welfare of children who are pupils at the school. Our policy applies to all staff, paid and unpaid, working in the school including governors. Teaching assistants, mid-day supervisors, office staff as well as teachers can be the first point of disclosure for a child. Concerned parents/carers may also contact the school and its governors.

It is consistent with the Local Safeguarding Children Board (LSCB) procedures.

Legislation and statutory guidance

This policy is based on the Department for Education's statutory guidance, Keeping Children Safe in Education and Working Together to Safeguard Children, and the Governance Handbook. The policy is based on the following legislation:

- Part 3 of the schedule to the Education (Independent School Standards) Regulations 2014, which places a duty on academies and independent schools to safeguard and promote the welfare of pupils at the school
- The Children Act 1989 (and 2004 amendment), which provides a framework for the care and protection of children
- Section 5B(11) of the Female Genital Mutilation Act 2003, as inserted by section 74 of the Serious Crime Act 2015, which places a statutory duty on teachers to report to the police where they discover that female genital mutilation (FGM) appears to have been carried out on a girl under 18

- Statutory guidance on FGM, which sets out responsibilities with regards to safeguarding and supporting girls affected by FGM
- The Rehabilitation of Offenders Act 1974, which outlines when people with criminal convictions can work with children
- Schedule 4 of the Safeguarding Vulnerable Groups Act 2006, which defines what ‘regulated activity’ is in relation to children
- Statutory guidance on the Prevent duty, which explains schools’ duties under the Counter-Terrorism and Security Act 2015 with respect to protecting people from the risk of radicalisation and extremism
- The Childcare (Disqualification) Regulations 2009 and Childcare Act 2006, which set out who is disqualified from working with children (schools with pupils aged under 8)

As an academy the policy also complies with our funding agreement and articles of association.

Definitions

Safeguarding and promoting the welfare of children means:

- Protecting children from maltreatment
- Preventing impairment of children’s health or development
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care
- Taking action to enable all children to have the best outcomes

Child protection is part of this definition and refers to activities undertaken to prevent children suffering, or being likely to suffer, significant harm.

Abuse is a form of maltreatment of a child and may involve inflicting harm or failing to act to prevent harm. Appendix 1 explains the different types of abuse.

Neglect is a form of abuse and is the persistent failure to meet a child’s basic physical and/or psychological needs, likely to result in the serious impairment of the child’s health or development. Appendix 1 defines neglect in more detail.

Children includes everyone under the age of 18.

Equality Statement

Some children have an increased risk of abuse, and additional barriers can exist for some children with respect to recognising or disclosing it. We are committed to anti-discriminatory practice and recognise children’s diverse circumstances. We ensure that all children have the same protection, regardless of any barriers they may face. We give special consideration to children who:

- Have special educational needs or disabilities
- Are young carers
- May experience discrimination due to their race, ethnicity, religion, gender identification or sexuality
- Have English as an additional language
- Are known to be living in difficult situations – for example, temporary accommodation or where there are issues such as substance abuse or domestic violence

- Are at risk of FGM, sexual exploitation, forced marriage, or radicalisation
- Are asylum seekers

There are four main elements to our policy:

PREVENTION through the teaching and pastoral support offered to pupils and the creation and maintenance of a whole school protective ethos;

PROCEDURES for identifying and reporting cases, or suspected cases, of abuse. The definitions of the four categories of abuse are attached (see Appendix 1);

SUPPORTING CHILDREN particularly those who may have been abused or witnessed violence towards others;

PREVENTING UNSUITABLE PEOPLE WORKING WITH CHILDREN

Processes are followed to ensure that those who are unsuitable to work with children are not employed.

This policy is available to parents on request and is on the school website.

PREVENTION

We recognise that high self-esteem, confidence, supportive friends and good lines of communication with a trusted adult help to protect children.

The school will therefore:

- Establish and maintain an environment where children feel safe in both the real and the virtual world and are encouraged to talk and are listened to.
- Ensure children know that there are adults in the school whom they can approach if they are worried or in difficulty and their concerns will be taken seriously and acted upon as appropriate.
- Include in the curriculum activities and opportunities which equip children with the skills they need to stay safer from abuse both in the real and the virtual world and information about who to turn to for help.
- Include in the curriculum material which will help children develop realistic attitudes to the responsibilities of adult life, particularly with regard to child care and parenting skills.

Prevention of Peer on Peer Abuse

We recognise that peer on peer abuse can manifest itself in many ways. This can include but is not limited to: bullying (including cyberbullying, prejudice-based and discriminatory bullying); abuse within intimate partner relationships; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; sexual violence and sexual harassment; consensual and non-consensual sharing of nudes and semi-nudes images and/or videos; causing someone to engage in sexual activity without consent, such as forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party; upskirting part of the Voyeurism (Offences) Act, April 2019) and initiation/ hazing type violence and rituals. Addressing inappropriate behaviour (even if it appears to be relatively innocuous) can be an important intervention that helps prevent problematic, abusive and/or violent behaviour in the future.

All forms of peer on peer abuse are unacceptable and will be taken seriously. Abuse will never be tolerated or passed off as 'banter' or 'part of growing up'. Most cases of pupils hurting other pupils will be dealt with under our school's behaviour policy, but the safeguarding policy will apply to any allegations that raise safeguarding concerns. This might include where the alleged behaviour:

- Is serious, and potentially a criminal offence
- Could put pupils in the school at risk
- Is violent
- Involves pupils being forced to use drugs or alcohol
- Involves sexual exploitation or sexual abuse, such as indecent exposure, sexual assault, or sexually inappropriate pictures or videos (including sexting)

The school will therefore:

- Create a whole school protective ethos in which peer on peer abuse, including sexual violence and sexual harassment will not be tolerated. We will minimize the risk of peer-on-peer abuse by:
 - Challenging any form of derogatory or sexualized language or behaviour
 - Being vigilant to issues that particularly affect different genders – for example, sexualized or aggressive touching or grabbing towards female pupils, and initiation or hazing type violence with respect to boys
- Provide training for staff about recognising and responding to peer on peer abuse, including raising awareness of the gendered nature of peer abuse, with girls more likely to be victims and boys the perpetrators. We will ensure that staff are trained to understand that a pupil harming a peer could be a sign that the child is being abused themselves, and that this would fall under the scope of this policy.
- Ensure that staff do not dismiss instances of peer on peer abuse, including sexual violence and sexual harassment as an inevitable part of growing up. Pupils should know they can talk to staff confidentially (with the understanding that if they are at risk, concerns will be passed on appropriately)
- Include within the curriculum, information and materials that support children in keeping themselves safe from abuse, including abuse from their peers and online.
- Provide high quality Relationship and Sex Education (RSE) and/or enrichment programmes including teaching about consent.
- Ensure that staff members follow the procedures outlined in this policy when they become aware of peer on peer abuse. If a pupil makes an allegation of abuse against another pupil: Staff should be aware that some groups are potentially more at risk. Evidence shows girls, children with special educational needs and disabilities (SEND) and LGBT children are at greater risk.
- You must tell the DSL and record the allegation on Logging a concern (on Myconcern), but do not investigate it.
- The DSL will contact the local authority children's social care team and follow its advice, as well as the police if the allegation involves a potential criminal offence
- The DSL will put a risk assessment and support plan into place for all children involved – both the victim(s) and the child(ren) against whom the allegation has been made – with a named person they can talk to if needed

- The DSL will contact the children and adolescent mental health services (CAMHS), if appropriate
Sexual violence and sexual harassment can occur between two children of any age and sex from primary to secondary stage and into colleges. It can also occur online. It can also occur through a group of children sexually assaulting or sexually harassing a single child or group of children.
- Children who are victims of sexual violence and sexual harassment will likely find the experience stressful and distressing. This will, in all likelihood, adversely affect their educational attainment and will be exacerbated if the alleged perpetrator(s) attends the same school or college. Sexual violence and sexual harassment exist on a continuum and may overlap, they can occur online and face to face (both physically and verbally) and are never acceptable.
- Refer to 'Keeping Children Safe in Education - Part Five', 2021, 'Sexual violence and sexual harassment between children in schools and colleges,' (DfE, September, 2021) for full details of procedures to be followed in such cases. Also see 'Sharing nudes and semi-nudes: advice for education settings working with children and young people' (UKCIS, December 2020)
- We use Safer Corridors Toolkit developed by the Cambridgeshire PHSE Service which supports schools and colleges in preventing and reducing sexual violence and harassment and responding to incidents.

PROCEDURES

We will follow the procedures set out in the Cambridgeshire and Peterborough Safeguarding Children Board 'Inter-Agency Procedures'. A copy of these procedures can be found on the LSCB website:
<http://www.safeguardingpeterborough.org.uk/children-board/professionals/lscbprocedures/>.

The Designated Safeguarding Lead for Child Protection is:

John Barnes, Assistant Principal. The Deputy Designated Safeguarding Lead for Child Protection (DDSL) is Kerry Sage.

The following members of staff have also received the Designated Person training: Joanne Boniface, Sharon Daly, Caroline Deadman, Vinnie French, Anna Ghale, Simon Holmes, Emma Tidby,

The nominated governor for Safeguarding and Child Protection is: Andy Smith.

The Governing body will:

Appoint a senior member of staff, from the leadership team, to the role of Designated Safeguarding Lead (DSL). The DSL will take lead responsibility for safeguarding and child protection. Whilst the activities of the DSL can be delegated to appropriately trained deputies, (DDSL, Designated Personnel, DP), the lead responsibility for child protection remains with the DSL and cannot be delegated.

Approve this policy at each review and hold the Principal to account for its implementation.

The Chair of Governors will act as the 'case manager' in the event that an allegation of abuse is made against the Principal, where appropriate (see Appendix 3).

Ensure that the role of DSL and DP is explicit in the role holder's job description.

Ensure that the DSL has the appropriate status and authority within the school to carry out the duties of the

post. Give the DSL the time, funding, training, resources and support to provide advice and support to other staff on child welfare and child protection matters. (See 'Keeping Children Safe in Education 2021, Annex C'). Ensure that the DSL and deputies have undertaken the two-day training provided by the Education Child Protection Service and that this training is updated at least every **two years**.

Ensure that in addition to the formal training set out above, the DSL and DPs refresh their knowledge and skills e.g. via bulletins, meetings or further reading **at least annually**.

Ensure that the College provides DSL and Deputies with supervisions which will provide them with support, coaching and training, promote the interests of children and allow for confidential discussions of sensitive issues.

Ensure that every member of staff, paid and unpaid, and the governing body, knows who the Designated Personnel are and the procedures for passing on concerns from the **point of induction**.

Staff members are required to complete a log of concern form. All staff whose work at the College brings them into contact with school pupils are trained to use these sheets.

Ensure that the DSL or DDSL are always available (during school hours, during term-time) to discuss any safeguarding concerns and that all staff are clear upon the course of action they must take if in exceptional circumstances the DSL or DDSL are not available another member of the safeguarding team must be available and this should not delay appropriate action being taken.

If the DSL or DDSL is not available (e.g. out of hours) staff should consider speaking to a member of the senior leadership team and/or take advice from social care. Liaise with the three safeguarding partners (Local Authority, clinical commissioning group and police) as appropriate and work with other agencies in line with Working Together to Safeguard Children, 2018.

Contact details are provided on posters in reception and staff rooms.

Nominate a governor for safeguarding and child protection who has undertaken appropriate training.

Ensure every member of staff and every governor knows:

- the name of the designated person/s and their role;
- how to identify the signs of abuse and neglect;
- how to pass on and record concerns about a pupil;
- that they have an individual responsibility to be alert to the signs and indicators of abuse; and for referring safeguarding concerns to the DSL/DDSL;
- that they have a responsibility to provide a safe environment in which children can learn;
- where to find the Inter – Agency Procedures on the LSCB website;
- their role in the early help process;
- the process for making referrals to children's social care.
- the safeguarding response to children who go missing in education.

Ensure all staff members undergo safeguarding and child protection training at induction. Ensure that staff training is regularly updated and that in addition to this training all staff members receive regular safeguarding and child protection updates as required **but at least annually**.

Ensure that all staff, paid and unpaid, recognise their duty and feel able to raise concerns about poor or unsafe practice in regard to children and that such concerns are addressed sensitively and effectively in a timely manner in accordance with agreed whistle-blowing policies. Complaints against staff that are likely to require a child protection investigation will be handled in accordance with our procedures for dealing with allegations of abuse made against staff (see Appendix 3). The separate Whistle-Blowing Policy covers concerns regarding the way the school safeguards pupils – including poor or unsafe practice, or potential failures.

Help promote educational outcomes by sharing the information about the welfare, safeguarding and child protection issues that children who have or have had a social worker are experiencing with teachers and school and college leadership staff.

Ensure that parents are informed of the responsibility placed on the school and staff in relation to child protection by setting out these duties in the school website.

Ensure that this policy is available publicly via the school website.

Where pupils are educated off site or in alternative provision, the school and the provider will have clear procedures about managing safeguarding concerns between the two agencies. Written confirmation that the alternative provider has carried out appropriate safeguarding checks on individuals working at the establishment will be sought by the school.

When a pupil is working with an alternative provider, a member of the senior leadership team will visit the provider to have a meeting to discuss safeguarding checks and gain written confirmation.

All governors receive training about safeguarding, to make sure they have the knowledge and information needed to perform their functions and understand their responsibilities.

Responsibilities of The Principal

The Principal is responsible for the implementation of the policy, including:

- Ensuring that staff (including temporary staff) and volunteers are informed of this policy as part of their induction
- Communicating this policy to parents when their child joins the school and via the school website
- Ensuring that the DSL has appropriate time, funding, training and resources, and that there is always adequate cover if the DSL is absent
- Ensuring that the DSL and Deputies will undertake safeguarding training at least every 2 years and that they update their knowledge and skills at regular intervals and at least annually (for example, through e-bulletins, meeting other DSLs, or taking time to read and digest safeguarding developments). They will also undertake Prevent awareness training
- Ensuring that all staff undertake appropriate safeguarding and child protection training and

- update this regularly
- Acting as the 'case manager' in the event of an allegation of abuse made against another member of staff or volunteer, where appropriate (see appendix 3)
- Ensuring the relevant staffing ratios are met, where applicable

The Designated Safeguarding Lead (DSL)

The DSL is John Barnes, Assistant Principal. The Deputy DSL is Kerry Sage. The DSL takes lead responsibility for child protection and wider safeguarding. During term time, the DSL will be available during school hours for staff to discuss any safeguarding concerns.

The Safeguarding Team can be contacted by email:

John Barnes	jbarnes@melbournvc.org
Kerry Sage	ksage@melbournvc.org
Sharon Daly	sdaly@melbournvc.org
Caroline Deadman	cdeadman@melbournvc.org
Vinnie French	vfrench@melbournvc.org
Anna Ghale	aghale@melbournvc.org
Emma Tidby	etidby@melbournvc.org

The Safeguarding Governor is Andy Smith.

If the DSL and the Deputy DSL are both absent, the other members of the safeguarding team are fully trained to provide cover.

The DSL and DDSL will be given the time, funding, training, resources and support to:

- Provide advice and support to other staff on child welfare and child protection matters
- Take part in strategy discussions and inter-agency meetings and/or support other staff to do so
- Contribute to the assessment of children
- Refer suspected cases, as appropriate, to the relevant body (local authority children's social care, Disclosure and Barring Service, and/or Police), and support staff who make such referrals directly

The DSL will also keep the headteacher informed of any issues and liaise with local authority case managers and designated officers for child protection concerns, as appropriate.

The full responsibilities of the DSL are set out in their job description.

Responsibilities of All staff

All staff will read (recorded in the SCR) and understand Part 1 and Annex A of the Department for Education's statutory safeguarding guidance, Keeping Children Safe in Education, and review this guidance **at least annually**.

All staff members will undertake safeguarding training at induction, including on whistleblowing procedures, to ensure they understand the school's safeguarding systems and their responsibilities and can identify signs of possible abuse or neglect. All staff will be able to access the Log a concern (green sheets) and will be trained to pass on any safeguarding concerns immediately. This training will be regularly updated (yearly) and

will be in line with advice from the local safeguarding children board. All staff will have training on the government's anti-radicalisation strategy, Prevent, to enable them to identify children at risk of being drawn into terrorism and to challenge extremist ideas. Staff will also receive regular safeguarding updates (for example, through emails, e-bulletins and staff meetings) as required, but at least annually. Volunteers will receive appropriate training, if applicable.

All staff will be aware of:

- The systems which support safeguarding, including the staff behaviour policy/code of conduct, the role of the designated safeguarding lead (DSL), the behaviour policy, and the safeguarding response to children who go missing from education
- The Early Help process and their role in it, including identifying emerging problems, liaising with the DSL, and sharing information with other professionals to support early identification and assessment
- The process for making referrals to local authority children's social care and for statutory assessments that may follow a referral, including the role they might be expected to play
- What to do if they identify a safeguarding issue or a child tells them they are being abused or neglected, including specific issues such as FGM, and how to maintain an appropriate level of confidentiality while liaising with relevant professionals
- The signs of different types of abuse and neglect, as well as specific safeguarding issues, such as child sexual exploitation (CSE), FGM and radicalisation

Recognising abuse and taking action

Staff, volunteers and governors must follow the procedures set out below in the event of a safeguarding issue.

If a child is in immediate danger

Speak without delay to a member of the safeguarding team or make a referral to children's social care and/or the police immediately, if a child is in immediate danger or at risk of harm. Anyone can make a referral. Tell the DSL as soon as possible if you make a referral directly.

[Concerned? | Cambridgeshire and Peterborough Safeguarding Partnership Board \(safeguardingcambspeterborough.org.uk\)](http://safeguardingcambspeterborough.org.uk)

If a child makes a disclosure to you

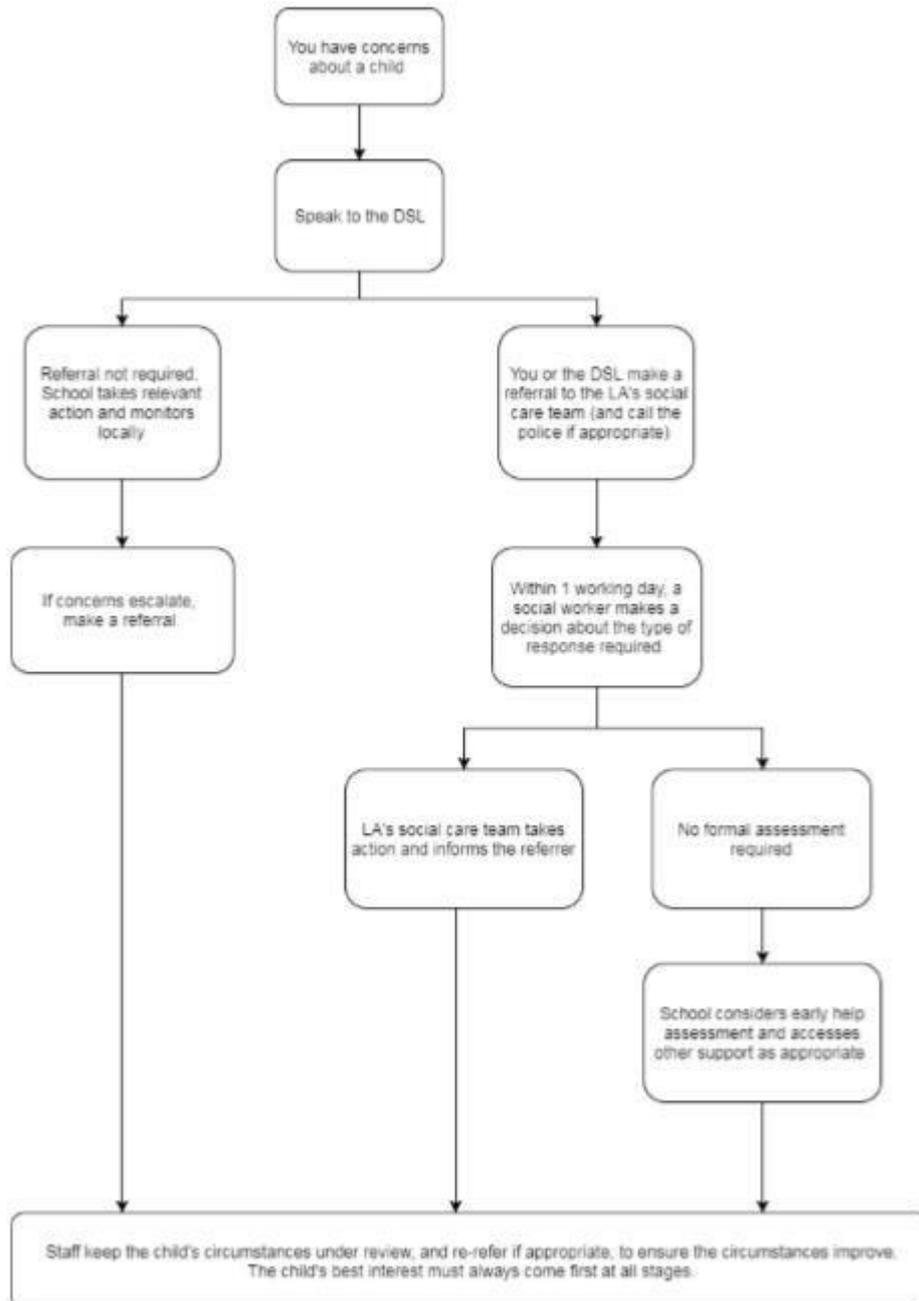

If a child discloses a safeguarding issue to you, you should:

- Listen to and believe them. Allow them time to talk freely and do not ask leading questions
- Stay calm and do not show that you are shocked or upset
- Tell the child they have done the right thing in telling you. Do not tell them they should have told you sooner
- Explain what will happen next and that you will have to pass this information on. Do not promise to keep it a secret
- Write up your conversation as soon as possible in the child's own words. Stick to the facts, and do not put your own judgement on it
- Log all these details on a green log a concern sheet and pass to the DSL

If you have concerns about a child (as opposed to a child being in immediate danger)

Figure 1 illustrates the procedure to follow if you have concerns about a child’s welfare and the child is not in immediate danger. Where possible, speak to the DSL first to agree a course of action. Alternatively, make a referral to local authority children’s social care directly. You can also contact the charity NSPCC on 0808 800 5000 if you need advice on the appropriate action.

Figure 1: procedure if you have concerns about a child’s welfare (no immediate danger)

Liaison with Other Agencies

The school will:

Work to develop effective links with relevant services to promote the safety and welfare of all pupils.

Co-operate as required, in line with 'Working Together to Safeguard Children,' (July 2018), with key agencies in their enquiries regarding child protection matters including attendance and providing written reports at child protection conferences and core groups.

Notify the relevant Social Care Unit immediately if:

- it should have to exclude a pupil who is subject to a Child Protection Plan (whether fixed term or permanently);
- there is an unexplained absence of a pupil who is subject to a Child Protection Plan;
- there is any change in circumstances to a pupil who is subject to a Child Protection Plan.

When a pupil who is subject to a child protection plan leaves, information will be transferred to the new school immediately. The Child Protection Chair and Social Work Unit will also be informed.

The DSL or DP will act upon Domestic Violence Notifications from the Police in a sensitive manner, and on a 'need-to-know' basis, in keeping with the school Information Sharing and Confidentiality Policy

Record Keeping

The school will hold records in line with our records retention schedule. The school will:

Keep clear, detailed, accurate, written records of concerns about children (noting the date, event and action taken), even where there is no need to refer the matter to Social Care immediately. Timely information sharing is essential to effective safeguarding.

All concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. It is good practice to keep concerns and referrals in a separate safeguarding file for each child.

Records should include:

- a clear and comprehensive summary of the concern;
- details of how the concern was followed up and resolved;
- a note of any action taken, decisions reached and the outcome.

Ensure all paper records are kept securely, separate from the main pupil file, and in a locked location (Safeguarding Office).

Electronic records are stored on Myconcern.

Ensure all relevant safeguarding records are sent to the receiving school or establishment when a pupil moves schools, within five days, in accordance with 'Keeping Children Safe in Education, 2021, (page 148) and the Education Safeguarding Team's Guidance on Keeping and Managing Child Safeguarding Records.

The DSL will consider whether it would be appropriate to share information with the new school/college in advance of a child leaving.

Make parents aware that such records exist except where to do so would place the child at risk of harm.

Ensure all actions and decisions are led by what is considered to be in the best interests of the child.

In addition:

- Appendix 4 sets out our policy on record-keeping specifically with respect to recruitment and preemployment checks
- Appendix 3 sets out our policy on record-keeping with respect to allegations of abuse made against staff

Confidentiality and Information Sharing

The Data Protection Act 2018 does not prevent school staff from sharing information with relevant agencies, where that information may help to protect a child.

Information about children and their families is defined as 'special category data', i.e. information that identifies a living individual. Collection, storage and sharing of personal data is governed by the UK General Data Protection Regulations (UK GDPR) and the Data Protection Act 2018.

The school will:

Ensure staff and volunteers adhere to confidentiality policies and protocols, and that information is shared appropriately.

Ensure staff are aware that they have a professional responsibility to share information with other agencies in order to safeguard children, (as set out in 'Information sharing; Advice for practitioners providing safeguarding services to children, young people, parents and carers,' DfE, July 2018).

Ensure that if a member of staff receives a Subject Access Request (under the Data Protection Act 2018) from a pupil or parent they will refer the request to the DSL or Headteacher.

Ensure staff are clear with children that they cannot promise to keep secrets.

The Designated Safeguarding Lead/Personnel will:

Disclose information about a pupil to other members of staff on a 'need to know' basis. Parental consent may be required. Full details are available in the Information Sharing and Confidentiality Policy.

Aim to gain consent to share information and be mindful of situations where to do so would place a child at increased risk of harm. Information may be shared without consent if a person believes that there is good reason to do so, and that the sharing of information will enhance the safeguarding of a child in a timely manner.

Record when decisions are made to share or withhold information, who information has been shared with and why. (See 'Working Together to Safeguard Children,' July 2018)

In cases where the 'serious harm test' is met, schools must withhold providing the data in compliance with schools' obligations under the Data Protection Act 2018 and the UK GDPR. Where in doubt schools should seek independent legal advice.

Seek advice about confidentiality from outside agencies if required. (See 'Information sharing; Advice for practitioners providing safeguarding services to children, young people, parents and carers,' DfE, July 2018).

Communication with Parents/Carers

The school will:

Ensure that parents/carers are informed of the responsibility placed on the school and staff in relation to child protection by setting out its duties in the school website.

Undertake appropriate discussion with parents/carers prior to involvement of another agency, unless the circumstances preclude this action.

Discuss with Children's Social Care if the school believes that notifying parents could place the child or another person at immediate risk of harm or prejudice the prevention or detection of crime. *[Further guidance on this can be found in the Effective Support for Children and Families in Cambridgeshire and Peterborough]*. Circumstances where parents may not be informed include any disclosure of sexual abuse or physical abuse where the child has an injury.

Record what discussions have taken place with parents or if a decision has been made not to discuss it with parents, the rationale must be recorded. Records may subsequently be disclosable to relevant partner agencies if Child Protection proceedings commence.

Dealing with Sexual Violence and Sexual Harassment between children

The school recognises that sexual violence and sexual harassment can occur between two children of any age and sex. Sexual violence may include rape, assault by penetration or sexual assault.

Sexual harassment refers to 'unwanted conduct of a sexual nature', such as sexual comments, sexual taunting or physical behaviour such as deliberately brushing against someone. Online sexual harassment may include non-consensual sharing of sexual images and videos, sexualised online bullying, unwanted sexual comments and messages, and sexual exploitation, coercion and threats.

The school will:

- Be clear that sexual violence and sexual harassment will not be tolerated.
- Provide training for staff on how to manage a report of sexual violence or sexual harassment.
- Make decisions on a case-by-case basis.

- Reassure victims that they are being taken seriously, offer appropriate support and take the wishes of the victim into account when decision making.
- Implement measures to keep the victim, alleged perpetrator and if necessary other children and staff members, safe. Record any risk assessments and keep them under review.
- Give consideration to the welfare of both the victim(s) and perpetrator(s) in these situations.
- Liaise closely with external agencies, including police and social care, when required.

Further guidance can be found in 'Keeping Children Safe in Education - Part Five' (September 2018), 'Sexual violence and sexual harassment between children in schools and colleges,' (DfE, May 2018) and 'Sexting in schools and colleges: Responding to incidents and safeguarding young people' published by the UK Council for Child Internet Safety (UKCCIS)

SUPPORTING CHILDREN

The school recognises that any child may be subject to abuse and neglect and as such will support all children by:

- Teaching crucial information on how to keep themselves safe through curriculum lessons, assemblies and additional information-providing opportunities e.g. Via external agencies, and through providing opportunities to encourage self-esteem and self-motivation. This includes specific training on e- safety.
- Creating an ethos that actively promotes a positive, supportive and safe environment and values the whole community.
- Applying the school's Behaviour Policy effectively. All staff will agree on a consistent approach, which focuses on the behaviour of the child but does not damage the pupil's sense of self-worth. The school will ensure that the pupil knows that some behaviour is unacceptable, but s/he is valued and not to be blamed for any abuse which has occurred.
- Liaising with other agencies which support the pupil such as Social Care, Child and Adolescent Mental Health Services, Cambridgeshire Sexual Behaviour Service or Early Help Teams.
- Liaise with the senior mental health lead where safeguarding concerns are linked to mental health in school/college for advice on case management.
- Promote supportive engagement with parents and/or carers in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances
- The school recognises that whilst **any** child may benefit from early help, staff are encouraged to consider the wider environmental factors present in a child's life which could pose a threat to their welfare or safety, (contextual safeguarding). Staff are required to be particularly alert to the potential need for early help for children in particular circumstances. Please see pages 8 – 9 of Keeping Children Safe in Education, 2021 for the complete list.
- Developing productive and supportive relationships with parents/carers.

The school recognises that whilst any child may benefit from early help, staff are encouraged to consider the wider environmental factors present in a child's life which could pose a threat to their welfare or safety, (contextual safeguarding). Staff are required to be particularly alert to the potential need for early help for those:

Children with Disabilities, Additional Needs or Special Educational Needs

We recognise that, statistically, children with additional needs, special educational needs, emotional and behavioural difficulties and disabilities are most vulnerable to abuse. School staff who deal with children with complex and multiple disabilities and/or emotional and behavioural problems should be particularly sensitive to indicators of abuse.

The school has pupils with emotional and behavioural difficulties and/or challenging behaviours. The school will support staff to decide appropriate strategies that will reduce anxiety for the individual child and raise self-esteem as part of an overall behaviour support plan agreed with parents/carers.

As part of the PSHE curriculum staff will teach children personal safety skills commensurate with their age, ability and needs. Children will be taught personal safety skills such as telling and who to tell, good and bad touches and how to manage risk. The content of lessons will be shared with parents/carers so that these skills can be supported at home.

The school has pupils who may have communication difficulties and we are aware that they are vulnerable to abuse because they are unable to express themselves to others. Instead such children will often exhibit changes in behaviours or signs and indicators of abuse recognised by staff with a good knowledge of the child. We promote high standards of practice, including ensuring that disabled children know how to raise concerns, and have access to a range of adults with whom they can communicate.

Young Carers

The school recognises that children who are living in a home environment which requires them to act as a young carer for a family member or a friend, who is ill, disabled or misuses drugs or alcohol can increase their vulnerability and that they may need additional support and protection.

School will: seek to identify young carers; offer additional support internally; signpost to external agencies; be particularly vigilant to the welfare of young carers and follow the procedures outlined in this policy, referring to Early Help or Social Care as required if concerns arise.

Children at Risk of Criminal Exploitation

Criminal exploitation of children is a form of harm that is a typical feature of County Lines activity. Drug networks or gangs exploit children and young people to carry drugs and money from urban areas to suburban and rural areas. Exploitation can occur even if activity appears to be consensual.

The College will address indicators of child criminal exploitation with staff through training. Staff will follow the procedures outlined in this policy if concerns of criminal exploitation arise.

The Designated Personnel will complete the LSCB Child Exploitation Checklist and refer to the Multi-Agency Safeguarding Hub (MASH) if there is a concern that a young person may be at risk of criminal exploitation.

The school recognises that young people who go missing can be at increased risk of child criminal exploitation and/or trafficking and has procedures in place to ensure appropriate response to children and young people who go missing, particularly on repeat occasions – (see 3.6.4).

Children Frequently Missing Education

The school recognises that children going missing, particularly repeatedly, can act as a warning sign of a range of safeguarding possibilities including abuse, neglect, child sexual exploitation and child criminal exploitation, modern slavery, mental health problems, risk of substance abuse, risk of travelling to conflict zones, and risk of FGM or forced marriage.

The school monitors attendance of individual pupils closely, as outlined in the Attendance Policy, and analyses patterns of absence to aid early identification of concerning patterns of absence.

The school endeavours to hold more than one emergency contact for each pupil to provide additional options to make contact with a responsible adult when a child missing education is identified as a welfare and/or safeguarding concern.

When a child is missing from education, the school follows the procedure as set out in Cambridgeshire's Children Missing Education guidance. The school will inform the Education Welfare Officer and Social Care if a missing child is subject to a Child Protection Plan or there have been ongoing concerns.

Children Misusing Drugs or Alcohol

The discovery that a young person is misusing legal or illegal substances or reported evidence of their substance misuse is not necessarily sufficient in itself to initiate child protection proceedings but the school will consider such action in the following situations:

When there is evidence or reasonable cause:

- To believe the young person's substance misuse may cause him or her to be vulnerable to other abuse such as sexual abuse;
- To believe the pupil's substance related behaviour is a result of abuse or because of pressure or incentives from others, particularly adults;
- Where the misuse is suspected of being linked to parent/carer substance misuse.
- Where the misuse indicates an urgent health or safeguarding concern
- Where the child is perceived to be at risk of harm through any substance associated criminality

Children at Risk of Child Sexual Exploitation

Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual

activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.

Sexual exploitation can take many different forms from the seemingly 'consensual' relationship to serious organised crime involving gangs and groups. Potential indicators of sexual exploitation will be addressed within staff training, including raising awareness with staff that some young people who are being sexually exploited do not show any external signs of abuse and may not recognise it as abuse. Staff will follow the procedures outlined in this policy if concerns of child sexual exploitation arise.

CSE can be a one-off occurrence or a series of incidents over time and range from opportunistic to complex organised abuse. It can involve force and/or enticement-based methods of compliance and may, or may not, be accompanied by violence or threats of violence.

The Designated Personnel will complete the LSCB Child Exploitation Checklist and refer to the Multi-Agency Safeguarding Hub (MASH) if there is a concern that a young person may be at risk of CSE.

The school recognises that young people who go missing can be at increased risk of sexual exploitation and has procedures in place to ensure appropriate response to children and young people who go missing, particularly on repeat occasions (see 3.6.4).

Children Living with Substance Misusing Parents/Carers

Misuse of drugs and/or alcohol is strongly associated with Significant Harm to children, especially when combined with other features such as domestic violence.

When the school receives information about drug and alcohol abuse by a child's parents/carers they will follow appropriate procedures.

This is particularly important if the following factors are present:

- Use of the family resources to finance the parent's dependency, characterised by inadequate food, heat and clothing for the children
- Children exposed to unsuitable caregivers or visitors, e.g. customers or dealers
- The effects of alcohol leading to an inappropriate display of sexual and/or aggressive behaviour
- Chaotic drug and alcohol use leading to emotional unavailability, irrational behaviour and reduced parental vigilance
- Disturbed moods as a result of withdrawal symptoms or dependency
- Unsafe storage of drugs and/or alcohol or injecting equipment
- Drugs and/or alcohol having an adverse impact on the growth and development of the unborn child

Children Living with Domestic Abuse

The Domestic Abuse Act 2021 introduces the first ever statutory definition of domestic abuse and recognises the impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of abuse.

All children can witness and be adversely affected by domestic abuse in the context of their home life where domestic abuse occurs between family members. Experiencing domestic abuse and/or violence can have a serious, long lasting emotional and psychological impact on children. In some cases, a child may blame themselves for the abuse or may have had to leave the family home as a result.

Young people can also experience domestic abuse within their own intimate relationships. This form of peer on peer abuse is sometimes referred to as 'teenage relationship abuse'. Depending on the age of the young people, this may not be recognised in law under the statutory definition of 'domestic abuse' (if one or both parties are under 16).

Domestic Abuse is defined as any incident or pattern of incidents of controlling, coercive or threatening behaviour, violence or abuse between those aged 16 or over who are 'personally connected' regardless of gender or sexuality. This can encompass but is not limited to the following types of abuse: psychological, physical, sexual, financial and emotional, coercive or controlling behaviour.

The school recognises that where there is Domestic Abuse in a family, the children/young people will always be affected; the longer the violence continues, the greater the risk of significant and enduring harm, which they may carry with them into their adult life and relationships. Domestic Abuse can also affect children in their personal relationships as well as in the context of home life.

Staff will follow the procedures outlined in this policy if concerns of Domestic Abuse arise. The school will vigilantly monitor the welfare of children living in domestic abuse households, offer support to them and contribute to any Multi-Agency Risk Assessment Conference (MARAC) safety plan as required.

Children at risk of 'Honour- Based' Violence including Female Genital Mutilation

So called 'honour-based' abuse (HBA) encompasses incidents which have been committed to protect or defend the honour of the family and/or community, including breast ironing, female genital mutilation (FGM) and forced marriage. The school takes these concerns seriously and staff are made aware of the possible signs and indicators that may alert them to the possibility of HBA through training. Staff are required to treat all forms of HBA as abuse and follow the procedures outlined in this policy.

FGM is a procedure involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK. Any indication that a child is at risk of FGM, where FGM is suspected, or where the woman is over 18, will be dealt with under the child protection procedures outlined in this policy. Staff will report concerns to the DSL, who will make appropriate and timely referrals to social care. In these cases, parents will not be informed before seeking advice and the case will still be referred to social care even if it is against the pupil's wishes.

In accordance with the Female Genital Mutilation Act, it is a statutory duty for teachers in England and Wales to

report 'known' cases of FGM in under-18s which they identify in the course of their professional work to the police. Teachers should still consider and discuss any such case with the DSL and involve social care as appropriate, but the teacher will personally report to the police that an act of FGM appears to have been carried out.

Children who have returned home to their family from care

The school recognises that a previously Looked After Child potentially remains vulnerable. School will vigilantly monitor the welfare of previously looked after children, keep records and notify Social Care as soon as there is a recurrence of a concern in accordance with the Cambridgeshire Local Safeguarding Children Board 'Inter - Agency Procedures.'

Children showing signs of Abuse and/or Neglect

The school recognizes that experiencing abuse or neglect may have an adverse impact on those children which may last into adulthood without appropriate intervention and support. School may be the only stable, secure and predictable element in the lives of children at risk. Children who have experienced abuse or neglect may display this through their own behaviour, which may be challenging and defiant or passive and withdrawn. We recognise that children may develop abusive behaviours and that these children may need to be referred on for appropriate support and intervention.

The school will provide training for staff to ensure that they have the skills to identify and report cases, or suspected cases, of abuse in accordance with the procedures outlined in this policy. The definitions of the four categories of abuse are attached (see Appendix 1).

Children at Risk of Radicalisation

The school recognises that children are vulnerable to extremist ideology and radicalisation similar to protecting children from other forms of harms and abuse, protecting children from this risk should be a part of a schools' or colleges' safeguarding approach.

The governing body will ensure that the DSL has undertaken Prevent awareness training and that all staff receive training about the Prevent duty.

Staff are required to be alert to changes in children's behavior which could indicate they need help or protection. Concerns that a child is at risk of radicalisation are referred to the DSL in the usual way. The school's/college's designated safeguarding lead (and any deputies) should be aware of local procedures for making a Prevent referral.

See also 'The Prevent Duty, Departmental advice for schools and childcare providers', DfE (June 2015), and 'Revised Prevent Duty Guidance: for England and Wales,' HM Government, (July 2015).

Privately Fostered Children

Private fostering is when a child under the age of 16, (under 18 if disabled) is provided with care and accommodation by a person who is not a parent, person with parental responsibility for them or relative in their own home for 28 days or more.

The school will follow the mandatory duty to inform the local authority of any 'Private Fostering' arrangements.

Children who have Family Members in Prison

The school is committed to supporting children and young people who have a parent or close relative in prison and will work with the family to find the best ways of supporting the child.

The school recognises that children with family members in prison are at risk of poor outcomes including: poverty, stigma, isolation, poor mental health and poor attendance.

The school will treat information shared by the family in confidence and it will be shared on a 'need to know' basis.

The school will work with the family and the child to minimise the risk of the child not achieving their full potential.

PREVENTING UNSUITABLE PEOPLE FROM WORKING WITH CHILDREN

Allegations that may meet the harms threshold (Part Four, Section One)

- Any allegation of abuse made against a member of staff (including supply staff and volunteers) that meets the harms threshold as set out in Keeping Children Safe in Education, 2021, Part Four, Section One, will be reported straight away to the Head Teacher or Principal.
- In cases where the Head Teacher or Principal is the subject of an allegation, it will be reported to the Chair of Governors. The school will follow the procedures set out in Part Four of 'Keeping Children Safe in Education', 2021.
- The school will consult with the Local Authority Designated Officer (LADO) in the event of an allegation being made against a member of staff, volunteer or agency/supply staff and adhere to the relevant procedures set out in 'Keeping Children Safe in Education', 2021 *and the school's HR Policies, and seek advice from their HR provider.*
- The Headteacher or Chair of Governors will ensure that all allegations are reported to the LADO within one working day. The LADO will advise on all further action to be taken.
- Before contacting the LADO, schools and colleges should conduct basic enquiries in line with local procedures to establish the facts to help them determine whether there is any foundation to the allegation, being careful not to jeopardise any future police investigation.
- Where the school or college identify a child has been harmed they should contact children's social care and as appropriate the police immediately.

School will consider:

- **Looking after the welfare of the child** - the designated safeguarding lead is responsible for ensuring that the child is not at risk and referring cases of suspected abuse to the local authority children's social care.
- **Investigating and supporting the person subject to the allegation** - the case manager should discuss with the LADO, the nature, content and context of the allegation, and agree a course of action.

The school will operate safer recruitment practices including ensuring appropriate DBS and reference checks are undertaken according to Part three of 'Keeping Children Safe in Education' (2018). This section should be read in

conjunction with the school's Safer Recruitment Policy.

The governing body will ensure that at least one of the persons who conducts an interview has completed Safer Recruitment training.

The following members of staff have undertaken Safer Recruitment training

John Barnes – Assistant Principal
Simon Holmes - Principal
Anna Ghale - SENDCO
Vinnie French – Cabin Lead
Sosan Javaid - HR

Any allegation of abuse made against a member of staff will be reported straight away to the Head Teacher or Principal. In cases where the Head Teacher or Principal is the subject of an allegation, it will be reported to the Chair of Governors. (See Allegations flowchart Appendix 3.) The school will follow the procedures set out in Part four of 'Keeping Children Safe in Education' (2018).

The school will consult with the Local Authority Named Senior Officer in the event of an allegation being made against a member of staff and adhere to the relevant procedures set out in 'Keeping Children Safe in Education', (2018) and the school's Personnel Manual from EPM Ltd or other HR provider (for subscribing schools).

The Named Senior Officer will liaise with the Local Authority Designated Officer (LADO) ensuring that all allegations are reported to the LADO within one working day. Following consultation with the LADO, the Named Senior Officer will advise on all further action to be taken. Please note that the Head Teacher or Chair of Governors should not seek to interview the child/ren or members of staff involved until advice has been sought. Doing so may compromise any police interviews that may be necessary.

The school will ensure that any disciplinary proceedings against staff relating to child protection matters are concluded in full even when the member of staff is no longer employed at the school and that notification of any concerns is made to the relevant authorities and professional bodies and included in references where applicable.

Staff who are the subject of an allegation have the right to have their case dealt with fairly, quickly, and consistently and to be kept informed of its progress. Suspension is not mandatory, nor is it automatic but, in some cases, staff may be suspended where this is deemed to be the best way to ensure that children are protected.

Consideration must be given to the needs of the child and a recognition that a child may make an allegation against an innocent party because they are too afraid to name the real perpetrator. It is rare for a child to make an entirely false or malicious allegation, although misunderstandings and misinterpretations of events do happen.

The school will ensure that all staff, paid and unpaid, are aware of the need for maintaining appropriate and professional boundaries in their relationships with pupils and parents/carers as advised within the Local Authority's Code of Conduct. As part of the Induction process, all staff will receive guidance about how to create appropriate professional boundaries (in both the real and virtual world) with all children, especially those with a disability or who are vulnerable.

All staff have signed to confirm that they have read a copy of the Local Authority's Code of Conduct, 'Guidance for

Safer Working Practice for Adults who work with Children and Young People in Education Settings' (October 2015).

The school will ensure that staff and volunteers are aware that sexual relationships with pupils aged under 18 are unlawful and could result in legal proceedings taken against them under the Sexual Offences Act 2003 (Abuse of Position of Trust).

The school will ensure that communication between pupils and adults, by whatever method, are transparent and take place within clear and explicit professional boundaries and are open to scrutiny.

OTHER RELATED POLICIES AND PROCEDURES

This policy links to our:

- Acceptable Use of IT – Staff and pupil policies Attendance policy

- Sex and Relationship education Staff Code of Conduct
- Staff Discipline and Grievance procedures Staff Use of IT Policy
- Supporting Pupils with Medical Conditions policy Whistleblowing policy

Use of Mobile Phones Policy

- Staff are allowed to bring their personal phones to school for their own use, but will limit such use to non-contact time when pupils are not present. Staff members' personal phones will remain in their bags or cupboards during contact time with pupils.
- Staff will not take pictures or recordings of pupils on their personal phones or cameras.
- We will follow the General Data Protection Regulation and Data Protection Act 2018 when taking and storing photos and recordings for use in the school
- Our policy on use of mobile phones, cameras and sharing of images is set out in a separate document and is reviewed annually. It is recognised that personal mobile phones have the potential to be used inappropriately and therefore the school has developed a policy to outline the required protocol for all staff, students, volunteers and parents/carers.

GOVERNING BODY SAFEGUARDING RESPONSIBILITIES

Governing bodies should ensure they facilitate a whole school/college approach to safeguarding. This means ensuring safeguarding and child protection are at the forefront and underpin all relevant aspects of process and policy development. Ultimately, all systems, processes and policies should operate with the best interests of the child at their heart.

The governing body fully recognises its responsibilities with regard to child protection and safeguarding and promoting the welfare of children. It aims to ensure that the policies, procedures and training in school are effective and comply with the law and government guidance at all times.

It will:

- Nominate a governor for safeguarding and child protection who will take leadership responsibility for the school's safeguarding arrangements and practice and champion child protection issues.
- Ensure an annual report is made to the full governing body, and copied to the Education Child Protection Service. Any weaknesses will be rectified without delay.
- Ensure that this Safeguarding and Child Protection policy is annually reviewed and updated and shared with staff. It will be made available on the school website.
- Ensure that children's exposure to potential risks while using the internet is limited by having in place age appropriate filtering and monitoring systems.
- Ensure children's wishes and feelings are taken into account where there are safeguarding concerns.

Use of school/college premises for non-school/college activities

If the governing body provides extended school/college facilities or before or after school activities directly under the supervision or management of school staff, the school's arrangements for safeguarding as written in this policy shall apply.

Where services or activities are provided separately by another organisation or individual, either on or off school site, the governing body will seek assurance that they have appropriate policies and procedures in place to keep children safe and there are arrangements to liaise with the school on these matters where appropriate.

If the governing body provides extended school facilities or before or after school activities directly under the supervision or management of school staff, the school's arrangements for child protection as written in this policy shall apply.

Where services or activities are provided separately by another body, either on or off school site, the governing body will seek assurance that the body concerned has appropriate policies and procedures in place for safeguarding children and child protection and there are arrangements to liaise with the school on these matters where appropriate.

Safeguarding-Related Protocols

Checking the identity and suitability of visitors

- All visitors will be required to verify their identity to the satisfaction of staff.
- If the visitor is unknown to the setting, we will check their credentials and reason for visiting before allowing them to enter the setting.
- Visitors should be ready to produce identification.
- Visitors are expected to sign in via the electronic system or the visitors' book and wear a visitor's badge.

Across the Trust, the following lanyard identification system is in use with ID or visitors' badges

Blue: Trust staff

Red: Visitors without DBS clearance

Yellow: Visitors with DBS clearance

Black: Governors and Trustees

All visitors to our setting, including visiting speakers, will be accompanied by a member of staff at all times. We will not invite into the school any speaker who is known to disseminate extremist views and will carry out appropriate checks to ensure that any individual or organisation using school facilities is not seeking to disseminate extremist views or radicalise pupils or staff.

Non-collection of children

If a child is not collected at the end of the session/day, we will:

- Ask the child to remain in Reception to wait to be collected.
- Members of staff on Reception will try to get hold of parents/carers.
- The incident will be logged on a Log of Concern form. A member of the CP team will follow-up as appropriate.

Missing pupils

Our procedures are designed to ensure that a missing child is found and returned to effective supervision as soon as possible. If a child goes missing, we will:

- Conduct a thorough search of the building.
- If the child cannot be found, we will contact the parents/carers and the police.

Appendix 1 - Four Categories of Abuse

Abuse, including neglect, and safeguarding issues are rarely standalone events that can be covered by one definition or label. IN most cases, multiple issues will overlap.

Physical Abuse

May involve hitting, shaking, throwing, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical harm may also be caused when a parent or carer fabricates the symptoms of, or deliberately induces, illness in a child.

Neglect

Persistent failure to meet a child's basic physical and/or psychological needs, likely to result in the serious impairment of the child's health or development.

It may occur during pregnancy as a result of maternal substance misuse.

It may involve the neglect of or lack of responsiveness to a child's basic emotional needs. It also includes parents or carers failing to:

- Provide adequate food, clothing and shelter including exclusion from home or abandonment
- Protect a child from physical and emotional harm or danger
- Ensure adequate supervision including the use of inadequate care-givers
- Ensure access to appropriate medical care or treatment

Emotional Abuse

Is the persistent emotional maltreatment so as to cause severe and adverse effects on a child's emotional development.

It may involve conveying to a child that they are:

- Worthless
- Unloved
- Inadequate
- Valued only insofar as they meet another person's needs

It may include:

- not giving the child opportunities to express their views
- deliberately silencing them
- 'making fun' of what they say or how they communicate

It may also feature age or developmentally inappropriate expectations being imposed on children including:

- interactions that are beyond the child's developmental capability
- overprotection and limitation of exploration and learning
- preventing participation in normal social interaction.

It may involve:

- Seeing or hearing the ill-treatment of another
- Serious bullying (including cyberbullying) causing children frequently to feel frightened or in danger
- The exploitation or corruption of children

Some level of emotional abuse is involved in all types of maltreatment although it may occur alone

Sexual Abuse

involves forcing or enticing a child or young person to take part in sexual activities, not necessarily involving a high level of violence, whether or not the child is aware of what is happening.

This may involve:

- physical contact including assault by penetration (e.g. rape or oral sex)
- non-penetrative acts such as masturbation, kissing, rubbing and touching outside of clothing
- non-contact activities involving children in:
 - looking at, or in the production of, sexual images,
 - watching sexual activities
 - encouraging children to behave in sexually inappropriate ways
 - grooming a child in preparation for abuse (including via the internet).

Sexual abuse is not solely perpetrated by adult males. Women can also commit acts of sexual abuse, as can other children.

Appendix 3 - Managing an Allegation Against a Member of Staff

This section of the policy applies to all cases in which it is alleged that a current member of staff or volunteer has:

- Behaved in a way that has harmed a child, or may have harmed a child, or
- Possibly committed a criminal offence against or related to a child, or
- Behaved towards a child or children in a way that indicates he or she would pose a risk of harm to children

It applies regardless of whether the alleged abuse took place in the school. Allegations against a teacher who is no

longer teaching and historical allegations of abuse will be referred to the police. We will deal with any allegation of abuse against a member of staff or volunteer very quickly, in a fair and consistent way that provides effective child protection while also supporting the individual who is the subject of the allegation. Our procedures for dealing with allegations will be applied with common sense and judgement.

Suspension

Suspension will not be the default position, and will only be considered in cases where there is reason to suspect that a child or other children is/are at risk of harm, or the case is so serious that it might be grounds for dismissal. In such cases, we will only suspend an individual if we have considered all other options available and there is no reasonable alternative. Based on an assessment of risk, we will consider alternatives such as:

- Redeployment within the school so that the individual does not have direct contact with the child or children concerned
- Providing an assistant to be present when the individual has contact with children
- Redeploying the individual to alternative work in the school so that they do not have unsupervised access to children
- Moving the child or children to classes where they will not come into contact with the individual, making it clear that this is not a punishment and parents have been consulted
- Temporarily redeploying the individual to another role in a different location, for example to an alternative school or other work for the academy trust.

Definitions for outcomes of allegation investigations

- Substantiated: there is sufficient evidence to prove the allegation
- Malicious: there is sufficient evidence to disprove the allegation and there has been a deliberate act to deceive
- False: there is sufficient evidence to disprove the allegation
- Unsubstantiated: there is insufficient evidence to either prove or disprove the allegation (this does not imply guilt or innocence)

Procedure for dealing with allegations

In the event of an allegation that meets the criteria above, the headteacher (or chair of governors where the headteacher is the subject of the allegation) – the ‘case manager’ – will take the following steps:

- Immediately discuss the allegation with the designated officer at the local authority. This is to consider the nature, content and context of the allegation and agree a course of action, including whether further enquiries are necessary to enable a decision on how to proceed, and whether it is necessary to involve the police and/or children’s social care services. (The case manager may, on occasion, consider it necessary to involve the police before consulting the designated officer – for example, if the accused individual is deemed to be an immediate risk to children or there is evidence of a possible criminal offence. In such cases, the case manager will notify the designated officer as soon as practicably possible after contacting the police)
- Inform the accused individual of the concerns or allegations and likely course of action as soon as possible after speaking to the designated officer (and the police or children’s social care services, where necessary). Where the police and/or children’s social care services are involved, the case manager will only share such information with the individual as has been agreed with those agencies

- Where appropriate (in the circumstances described above), carefully consider whether suspension of the individual from contact with children at the school is justified or whether alternative arrangements such as those outlined above can be put in place. Advice will be sought from the
- designated officer, police and/or children's social care services, as appropriate
- If immediate suspension is considered necessary, agree and record the rationale for this with the designated officer. The record will include information about the alternatives to suspension that have been considered, and why they were rejected. Written confirmation of the suspension will be provided to the individual facing the allegation or concern within 1 working day, and the individual will be given a named contact at the school and their contact details
- If it is decided that no further action is to be taken in regard to the subject of the allegation or concern, record this decision and the justification for it and agree with the designated officer what information should be put in writing to the individual and by whom, as well as what action should follow both in respect of the individual and those who made the initial allegation
- If it is decided that further action is needed, take steps as agreed with the designated officer to initiate the appropriate action in school and/or liaise with the police and/or children's social care services as appropriate
- Provide effective support for the individual facing the allegation or concern, including appointing a named representative to keep them informed of the progress of the case and consider what other support is appropriate. Further support available to individuals includes from – union representatives and it might be appropriate for the school to provide supervision/mentoring with Sue Olney.
- Inform the parents or carers of the child/children involved about the allegation as soon as possible if they do not already know (following agreement with children's social care services and/or the police, if applicable). The case manager will also inform the parents or carers of the requirement to maintain confidentiality about any allegations made against teachers (where this applies) while investigations are ongoing. Any parent or carer who wishes to have the confidentiality restrictions removed in respect of a teacher will be advised to seek legal advice
- Keep the parents or carers of the child/children involved informed of the progress of the case and the outcome, where there is not a criminal prosecution, including the outcome of any disciplinary process (in confidence)
- Make a referral to the DBS where it is thought that the individual facing the allegation or concern has engaged in conduct that harmed or is likely to harm a child, or if the individual otherwise poses a risk of harm to a child
- If the school is made aware that the secretary of state has made an interim prohibition order in respect of an individual, we will immediately suspend that individual from teaching, pending the findings of the investigation by the National College for Teaching and Leadership. Where the police are involved, wherever possible the academy trust will ask the police at the start of the investigation to obtain consent from the individuals involved to share their statements and
- evidence for use in the school's disciplinary process, should this be required at a later point.

Timescales

- Any cases where it is clear immediately that the allegation is unsubstantiated or malicious will be resolved within 1 week
- If the nature of an allegation does not require formal disciplinary action, we will institute appropriate action within 3 working days
- If a disciplinary hearing is required and can be held without further investigation, we will hold this within 15 working days

Specific actions

Action following a criminal investigation or prosecution The case manager will discuss with the local authority's designated officer whether any further action, including disciplinary action, is appropriate and, if so, how to proceed, taking into account information provided by the police and/or children's social care services.

Conclusion of a case where the allegation is substantiated If the allegation is substantiated and the individual is dismissed or the school ceases to use their services, or the individual resigns or otherwise ceases to provide their services, the case manager and the school's personnel adviser will discuss with the designated officer whether to make a referral to the DBS for consideration of whether inclusion on the barred lists is required. If the individual concerned is a member of teaching staff, the case manager and personnel adviser will discuss with the designated officer whether to refer the matter to the NCTL to consider prohibiting the individual from teaching.

Individuals returning to work after suspension If it is decided on the conclusion of a case that an individual who has been suspended can return to work, the case manager will consider how best to facilitate this. The case manager will also consider how best to manage the individual's contact with the child or children who made the allegation, if they are still attending the school.

Unsubstantiated or malicious allegations If an allegation is shown to be deliberately invented, or malicious, the headteacher, or other appropriate person in the case of an allegation against the headteacher, will consider whether any disciplinary action is appropriate against the pupil(s) who made it, or whether the police should be asked to consider whether action against those who made the allegation might be appropriate, even if they are not a pupil.

Confidentiality

The school will make every effort to maintain confidentiality and guard against unwanted publicity while an allegation is being investigated or considered. The case manager will take advice from the local authority's designated officer, police and children's social care services, as appropriate, to agree:

- Who needs to know about the allegation and what information can be shared
- How to manage speculation, leaks and gossip, including how to make parents or carers of a child/children involved aware of their obligations with respect to confidentiality
- What, if any, information can be reasonably given to the wider community to reduce speculation
- How to manage press interest if, and when, it arises

Record-keeping

The case manager will maintain clear records about any case where the allegation or concern meets the criteria above and store them on the individual's confidential personnel file for the duration of the case. Such records will include:

- A clear and comprehensive summary of the allegation
- Details of how the allegation was followed up and resolved
- Notes of any action taken and decisions reached (and justification for these, as stated above)

If an allegation or concern is not found to have been malicious, the school will retain the records of the case on

the individual's confidential personnel file, and provide a copy to the individual. We will retain these records at least until the individual has reached normal pension age, or for 10 years from the date of the allegation if that is longer. The records of any allegation that is found to be malicious will be deleted from the individual's personnel file.

References

When providing employer references, we will not refer to any allegation that has been proven to be false, unsubstantiated or malicious, or any history of allegations where all such allegations have been proven to be false, unsubstantiated or malicious.

Learning lessons

After any cases where the allegations are substantiated, we will review the circumstances of the case with the local authority's designated officer to determine whether there are any improvements that we can make to the school's procedures or practice to help prevent similar events in the future. This will include consideration of (as applicable):

- Issues arising from the decision to suspend the member of staff
- The duration of the suspension
- Whether or not the suspension was justified
- The use of suspension when the individual is subsequently reinstated. We will consider how future investigations of a similar nature could be carried out without suspending the individual

Appendix 4 Safer recruitment and DBS checks – policies and procedures

We will record all information on the checks carried out in the school's single central record (SCR). Copies of these checks, where appropriate, will be held in individuals' personnel files. We follow requirements and best practice in retaining copies of these checks, as set out below.

Appointing new staff

When appointing new staff, we will:

- Verify their identity
- Obtain (via the applicant) an enhanced Disclosure and Barring Service (DBS) certificate, including barred list information for those who will be engaging in regulated activity (see definition below). We will not keep a copy of this for longer than 6 months
- Obtain a separate barred list check if they will start work in regulated activity before the DBS certificate is available
- Verify their mental and physical fitness to carry out their work responsibilities
- Verify their right to work in the UK. We will keep a copy of this verification for the duration of the member of staff's employment and for 2 years afterwards
- Verify their professional qualifications, as appropriate
- Ensure they are not subject to a prohibition order if they are employed to be a teacher
- Carry out further additional checks, as appropriate, on candidates who have lived or worked outside of the UK, including (where relevant) any teacher sanctions or restrictions imposed by a European Economic Area professional regulating authority, and criminal records checks or their equivalent
- Check that candidates taking up a management position are not subject to a prohibition from management (section 128) direction made by the secretary of state
- Ask for written information about previous employment history and check that information is not contradictory or incomplete

We will seek references on all short-listed candidates, including internal candidates, before interview. We will scrutinise these and resolve any concerns before confirming appointments.

Regulated activity means a person who will be:

- Responsible, on a regular basis in a school or college, for teaching, training, instructing, caring for or supervising children
- Carrying out paid, or unsupervised unpaid, work regularly in a school or college where that work provides an opportunity for contact with children
- Engaging in intimate or personal care or overnight activity, even if this happens only once and regardless of whether they are supervised or not

Existing staff

If we have concerns about an existing member of staff's suitability to work with children, we will carry out all the relevant checks as if the individual was a new member of staff. We will also do this if an individual moves from a post that is not regulated activity to one that is. We will refer to the DBS anyone who has harmed, or poses a risk of harm, to a child or vulnerable adult:

- Where the 'harm test' is satisfied in respect of the individual (i.e. that no action or inaction occurred but the present risk that it could was significant)
- Where the individual has received a caution or conviction for a relevant offence
- If there is reason to believe that the individual has committed a listed relevant offence, under the Safeguarding Vulnerable Groups Act 2006 (Prescribed Criteria and Miscellaneous Provisions) Regulations 2009 [\[7\]](#)
- If the individual has been removed from working in regulated activity (paid or unpaid) or would have been removed if they had not left

Agency and third-party staff

We will obtain written notification from any agency or third-party organisation that it has carried out the necessary safer recruitment checks that we would otherwise perform. We will also check that the person presenting themselves for work is the same person on whom the checks have been made.

Contractors

We will ensure that any contractor, or any employee of the contractor, who is to work at the school has had the appropriate level of DBS check. This will be:

- An enhanced DBS check with barred list information for contractors engaging in regulated activity
- An enhanced DBS check, not including barred list information, for all other contractors who are not in regulated activity but whose work provides them with an opportunity for regular contact with children

We will obtain the DBS check for self-employed contractors. We will not keep copies of such checks for longer than 6 months. Contractors who have not had any checks will not be allowed to work unsupervised or engage in regulated activity under any circumstances. We will check the identity of all contractors and their staff on arrival at the school.

Trainee/student teachers

Where applicants for initial teacher training are salaried, we will ensure that all necessary checks are carried out. Where trainee teachers are fee-funded, we will obtain written confirmation from the training provider that necessary checks have been carried out and that the trainee has been judged by the provider to be suitable to work with children. In both cases, this includes checks to ensure that individuals are not disqualified under the Childcare Disqualification (Regulations) 2009 and Childcare Act 2006.

Volunteers

We will:

- Never leave an unchecked volunteer unsupervised or allow them to work in regulated activity
- Obtain an enhanced DBS check with barred list information for all volunteers who are new to working in regulated activity
- Obtain an enhanced DBS check without barred list information for all volunteers who are not in regulated activity, but who have an opportunity to come into contact with children on a regular basis, for example, supervised volunteers
- Carry out a risk assessment when deciding whether to seek an enhanced DBS check for any volunteers not engaging in regulated activity

Trustees/Governors

- All trustees and local governors will have an enhanced DBS check without barred list information and section 128 check [section 128 checks are only required for local governors if they have been delegated any management responsibilities].
- They will have an enhanced DBS check with barred list information if working in regulated activity.
- The chair of the board of trustees will have their DBS check countersigned by the secretary of state. All trustees, proprietors and local governors will also have the following checks:
- Right to work in the UK
- Other checks deemed necessary if they have lived or worked outside the UK

Adults who supervise pupils on work experience

When organising work experience, we will ensure that policies and procedures are in place to protect children from harm.

We will also consider whether it is necessary for barred list checks to be carried out on the individuals who supervise a pupil under 16 on work experience. This will depend on the specific circumstances of the work experience, including the nature of the supervision, the frequency of the activity being supervised, and whether the work is regulated activity.

Pupils staying with host families

Where the school makes arrangements for pupils to be provided with care and accommodation by a host family to which they are not related (for example, during a foreign exchange visit), we will request enhanced DBS checks with barred list information on those people. Where the school is organising such hosting arrangements overseas and host families cannot be checked in the same way, we will work with our partner schools abroad to ensure that similar assurances are undertaken prior to the visit.

Appendix 5 - Specific Safeguarding Issues

Children missing from education

A child going missing from education is a potential indicator of abuse or neglect, and such children are at risk of being victims of harm, exploitation or radicalisation. There are many circumstances where a child may become missing from education, but some children are particularly at risk. These include children who:

- Are at risk of harm or neglect
- Come from Gypsy, Roma, or Traveller families
- Come from the families of service personnel
- Go missing or run away from home or care
- Are supervised by the youth justice system
- Cease to attend a school
- Come from new migrant families

We will follow our procedures for unauthorised absence and for dealing with children who go missing from education, particularly on repeat occasions, to help identify the risk of abuse and neglect, including sexual exploitation, and to help prevent the risks of going missing in future. This includes informing the local authority if a child leaves the school without a new school being named, and adhering to requirements with respect to sharing information with the local authority, when applicable, when removing a child's name from the admission register at non-standard transition points.

Staff will be trained in signs to look out for and the individual triggers to be aware of when considering the risks of potential safeguarding concerns which may be related to being missing, such as travelling to conflict zones, FGM and forced marriage.

If a staff member suspects that a child is suffering from harm or neglect, we will follow local safeguarding procedures, including with respect to making reasonable enquiries. We will make an immediate referral to the local authority children's social care team, and the police, if the child is in immediate danger or at risk of harm.

Child sexual exploitation

Child sexual exploitation (CSE) is a form of sexual abuse where children are sexually exploited for money, power or status.

This can involve violent, humiliating and degrading sexual assaults, but does not always involve physical contact and can happen online. For example, young people may be persuaded or forced to share sexually explicit images of themselves, have sexual conversations by text, or take part in sexual activities using a webcam.

Children or young people who are being sexually exploited may not understand that they are being abused. They often trust their abuser and may be tricked into believing they are in a loving, consensual relationship.

If a member of staff suspects CSE, they will discuss this with the DSL. The DSL will trigger the local safeguarding procedures, including a referral to the local authority's children's social care team and the police, if appropriate. Indicators of sexual exploitation can include a child:

- Appearing with unexplained gifts or new possessions

- Associating with other young people involved in exploitation
- Having older boyfriends or girlfriends
- Suffering from sexually transmitted infections or becoming pregnant
- Displaying inappropriate sexualised behaviour
- Suffering from changes in emotional wellbeing
- Misusing drugs and/or alcohol
- Going missing for periods of time, or regularly coming home late
- Regularly missing school or education, or not taking part in education

FGM

The DSL will make sure that staff have access to appropriate training to equip them to be alert to children affected by FGM or at risk of FGM.

Indicators that FGM has already occurred include:

- A pupil confiding in a professional that FGM has taken place
- A mother/family member disclosing that FGM has been carried out
- A family/pupil already being known to social services in relation to other safeguarding issues
- A girl:
 - Having difficulty walking, sitting or standing, or looking uncomfortable
 - Finding it hard to sit still for long periods of time (where this was not a problem previously)
 - Spending longer than normal in the bathroom or toilet due to difficulties urinating
 - Having frequent urinary, menstrual or stomach problems
 - Avoiding physical exercise or missing PE
 - Being repeatedly absent from school, or absent for a prolonged period
 - Demonstrating increased emotional and psychological needs – for example, withdrawal or depression, or significant change in behaviour
 - Being reluctant to undergo any medical examinations
 - Asking for help, but not being explicit about the problem
 - Talking about pain or discomfort between her legs

Potential signs that a pupil may be at risk of FGM include:

- The girl's family having a history of practising FGM (this is the biggest risk factor to consider)
- FGM being known to be practised in the girl's community or country of origin
- A parent or family member expressing concern that FGM may be carried out
- A family not engaging with professionals (health, education or other) or already being known to social care in relation to other safeguarding issues
- Having a mother, older sibling or cousin who has undergone FGM
- Having limited level of integration within UK society
- Confiding to a professional that she is to have a "special procedure" or to attend a special occasion to "become a woman"
- Talking about a long holiday to her country of origin or another country where the practice is prevalent, or parents stating that they or a relative will take the girl out of the country for a prolonged period
- Requesting help from a teacher or another adult because she is aware or suspects that she is at immediate risk of FGM
- Talking about FGM in conversation – for example, a girl may tell other children about it (although it is

important to take into account the context of the discussion)

- Being unexpectedly absent from school
- Having sections missing from her 'red book' (child health record) and/or attending a travel clinic or equivalent for vaccinations/anti-malarial medication

The above indicators and risk factors are not intended to be exhaustive.

Forced marriage

Forcing a person into marriage is a crime. A forced marriage is one entered into without the full and free consent of one or both parties and where violence, threats, or any other form of coercion is used to cause a person to enter into a marriage. Threats can be physical or emotional and psychological. Staff will receive training around forced marriage and the presenting symptoms. We are aware of the 'one chance' rule, i.e. we may only have one chance to speak to the potential victim and only one chance to save them.

If a member of staff suspects that a pupil is being forced into marriage, they will speak to the pupil about their concerns in a secure and private place. They will then report this to the DSL. The DSL will:

- Speak to the pupil about the concerns in a secure and private place
- Activate the local safeguarding procedures and refer the case to the local authority's designated officer
- Seek advice from the Forced Marriage Unit on 020 7008 0151 or fm@fco.gov.uk
- Refer the pupil to an education welfare officer, pastoral tutor, learning mentor, or school counsellor, as appropriate

Preventing radicalisation

Radicalisation refers to the process by which a person comes to support terrorism and forms of extremism. Extremism is vocal or active opposition to fundamental British values, such as democracy, the rule of law, individual liberty, and mutual respect and tolerance of different faiths and beliefs.

Schools have a duty to prevent children from being drawn into terrorism. The DSL will undertake Prevent awareness training and make sure that staff have access to appropriate training to equip them to identify children at risk.

We will assess the risk of children in our school being drawn into terrorism. This assessment will be based on an understanding of the potential risk in our local area, in collaboration with our local safeguarding children board and local police force.

We will ensure that suitable internet filtering is in place, and equip our pupils to stay safe online at school and at home.

There is no single way of identifying an individual who is likely to be susceptible to an extremist ideology. Radicalisation can occur quickly or over a long period. Staff will be alert to changes in pupils' behaviour. The government website Educate Against Hate and charity NSPCC say that signs that a pupil is being radicalised can include:

- Refusal to engage with, or becoming abusive to, peers who are different from themselves
- Becoming susceptible to conspiracy theories and feelings of persecution
- Changes in friendship groups and appearance

- Rejecting activities they used to enjoy
- Converting to a new religion
- Isolating themselves from family and friends
- Talking as if from a scripted speech
- An unwillingness or inability to discuss their views
- A sudden disrespectful attitude towards others
- Increased levels of anger
- Increased secretiveness, especially around internet use
- Expressions of sympathy for extremist ideologies and groups, or justification of their actions
- Accessing extremist material online, including on Facebook or Twitter
- Possessing extremist literature
- Being in contact with extremist recruiters and joining, or seeking to join, extremist organisations

Children who are at risk of radicalisation may have low self-esteem, or be victims of bullying or discrimination. It is important to note that these signs can also be part of normal teenage behaviour – staff should have confidence in their instincts and seek advice if something feels wrong.
